

**Certificate of Qualified Person – Malcolm Titley**

I, Malcolm Titley, do hereby certify that:

1. I am currently employed as Director and Principal Consultant of Maja Mining Limited, 1st Floor, Ridgeland House, 15 Carfax, Horsham, West Sussex, RH12 1DY, UK.
2. I am a Qualified Person for this Technical Report; “El Moto Tungsten Project, Definitive Feasibility Study, NI 43-101 Technical Report 0376-00-00-REP-0001” (the “Technical Report”) for the Definitive Feasibility Study, prepared for Abenójar Tungsten (the “Issuer”) revised and amended as of October 9, 2024 for the El Moto Tungsten Project (the “El Moto Project”) located in Spain and with an effective date (the “Effective Date”) of October 30, 2024.
3. I hold a BSc degree in Geology and Chemistry from the University of Cape Town (1979) and am a registered Member in good standing of the Australian Institute of Geologists (AIG Membership Number 2546). I am familiar with the CIM definitions, and definition of “qualified person” as set out in National Instrument 43-101 (“NI 43-101”) and by reason of my education, relevant experience including over 40 years in the mining industry including the evaluation and mining of vein hosted mineral deposits in Europe, Australia and Africa, experience of tungsten deposits in Spain and expertise in the evaluation of Mineral Resources, and affiliation with a professional association and past relevant work experience, I fulfil the requirements of being a “qualified person” as defined by NI43-101.
4. I have completed a site visit to the El Moto deposit for a period of 5 days between 22<sup>nd</sup> April 2024 and 26<sup>th</sup> April 2024.
5. I am responsible for Item 14 and 12.2 and subsections of Items 1, 25 and 26 which relate to Mineral Resource evaluation, of this Technical Report.
6. I am independent of the issuer when applying all the tests in section 1.5 of NI 43-101.
7. I have had prior involvement with the El Moto Project, most notably preparation of a Mineral Resource estimate update and associated NI 43-101 Technical Report preparation in December 2023 and further update in August 2024.
8. I have read and am familiar with the CIM definitions, NI 43-101, and Form 43-101F1. The Technical Report has been prepared in compliance with those instruments and form.
9. As of the effective date of the Technical Report, to best of my knowledge, information and belief, the Technical Report contains all scientific and technical information that is required to be disclosed to make the Technical Report not misleading.

Dated this 31<sup>st</sup> day of October 2024 in Harare, Zimbabwe.

s/” Malcolm Titley”
