

Certificate of Qualified Person – Pablo Gancedo Mínguez

I, Pablo Gancedo Mínguez, am employed as a Senior Mining Engineer with IGAN Ingeniería with an office address at C/ Ablanal 7, Parque Tecnológico de Asturias, 33428 Llanera, Asturias, Spain.

I am an author of this technical report entitled “El Moto Tungsten Project, Definitive Feasibility Study, NI 43-101 Technical Report 0376-00-00-REP-0001” (the “Technical Report”) for the Definitive Feasibility Study, prepared for Abenójar Tungsten (the “Issuer”) revised and amended as of October 9, 2024 for the El Moto Tungsten Project (the “El Moto Project”) located in Spain and with an effective date (the “Effective Date”) of October 30, 2024, and do hereby certify that:

1. I am a Qualified for Minerals Reporting Member of the Institute of Materials, Minerals and Mining, registration number 0458768.
2. I am a Professional Mining Engineer, having graduated in 2010 with a MEng in Mining Engineering from the Oviedo School of Mines and have worked as a mining engineer for a total of 13 years since my graduation from university.
3. My experience relates to mine planning, cost modelling and reserve estimation for both operating and under development underground base, precious and industrial use metals projects in Europe, Middle East, and Africa.
4. I have read the definition of “Qualified Person” set out in National Instrument 43-101 – Standards of Disclosure for Mineral Projects (“NI 43-101”) and certify that by reason of my education, affiliation with a professional association (as defined in NI 43-101) and past relevant work experience, I fulfil the requirements to be a “Qualified Person” for the purposes of NI 43-101.
5. I visited the Project site between the 22nd and 24th April 2024 with 2 number of days at the deposit site and exploration camp.
6. I am responsible for Section 15, sections 16.7 to 16.21 (inclusive), sections 18.3, 18.4, 21.4 and 21.5. I am also responsible for my respective contributions to Sections 1, 3, 24, 25 and 26.
7. I am independent of the Issuer applying the test set out in Section 1.5 of NI 43-101.
8. I have had no prior involvement in the Abenójar Tungsten – El Moto Tungsten Project.
9. I have read NI 43-101, and the Technical Report has been prepared in compliance with NI 43-101 and Form 43-101F1.
10. As of the Effective Date, to the best of my knowledge, information and belief, the Technical Report contains all scientific and technical information that is required to be disclosed to make the Technical Report not misleading.

Dated this 31st day of October 2024 in Oviedo, Spain.
